

ZIMMER
the power of innovation

No room for that big tank? -20 Degrees & snow on the ground?

No problem! **ZIMMER** vaporizers allow full use of the propane prior to refills. Now mount your pre-piped **ZIMMER** vaporizer to your tank in minutes. Algas-SDI's new tank mount kit allows you to complete the piping assembly in the comfort of your shop.

NEW!

- Mounts directly to any horizontal tank
- Liquid piping connects to standard 3/4" Check Lock fittings
- No need to evacuate your tank
- Piping attaches directly to mounting bracket
- Easier than installing a hot tub!

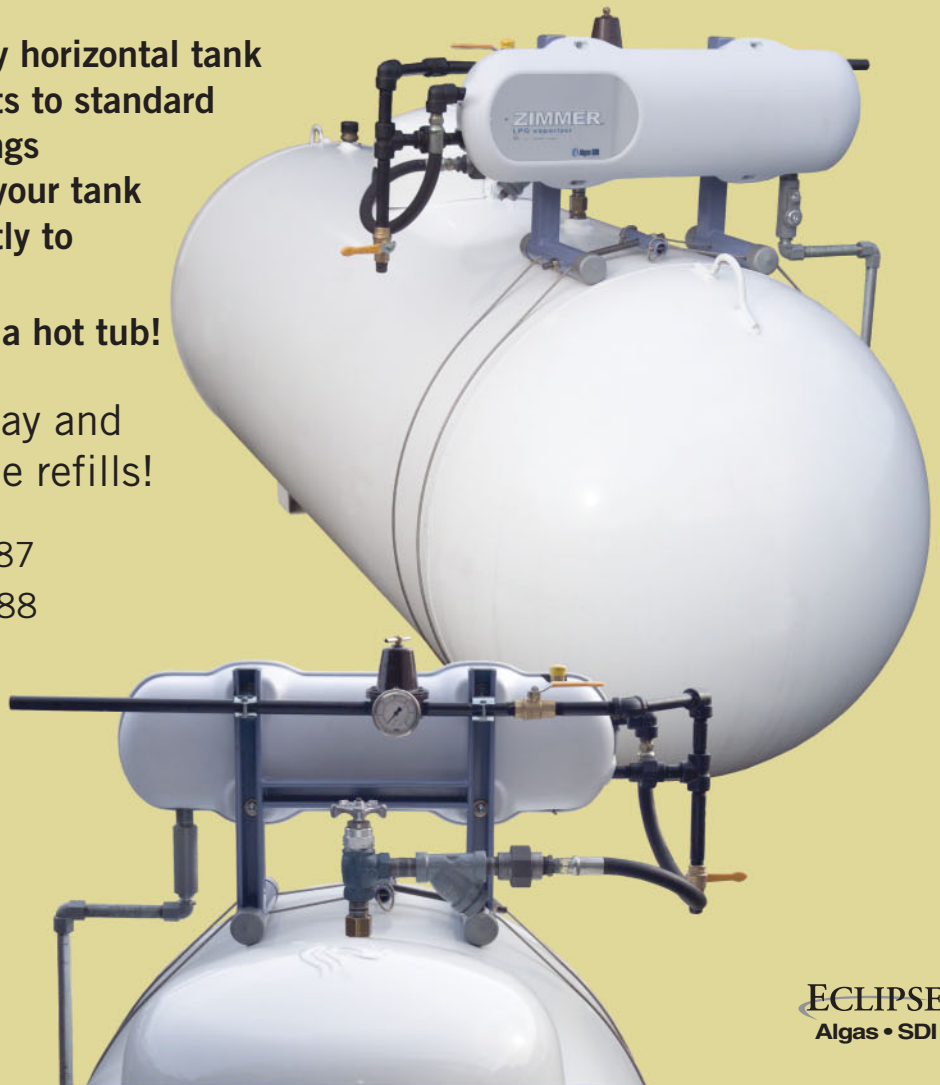

Install a ZIMMER today and start making profitable refills!
